

How to Qualify for the Multi-Family Cart Bundling Program

CVSAN
MULTI-FAMILY
COMPLEXES

Multi-family complexes can choose a reduced rate 3-material cart bundle that best fits their needs. If you are currently taking advantage of the Multi-Family Cart Bundling Program please note that all accounts are being audited; there may be adjustments to billing and services.

MULTI-FAMILY CART BUNDLING PROGRAM:

1. Pick the garbage service level you need.

- For a MULTI-FAMILY CART BUNDLE, garbage containers must be between 20 - 96 gallons (gal) in size.

CART GARBAGE CONTAINER - 20 - 96 GALLONS

2. Pick recycling and organics services equal to your garbage service level.

- Total weekly recycling and organics capacity may be achieved through different sizes and quantities of carts.
- Recycling and/or organics per gallon supplemental fee(s) apply to capacities exceeding the garbage service. If a single 20-gal garbage cart is chosen, 32-gal carts shall be provided for bundled recycling/organic material without incurring supplemental fees.

CART BUNDLED CONTAINERS - EQUAL TO SIZE OF GARBAGE CONTAINER (CONTAINERS LARGER THAN GARBAGE CONTAINER WILL INCUR A SUPPLEMENTAL FEE)

3. Need more service?

- Service levels that fall outside of the multi-family cart bundling parameters can be added at an A LA CARTE rate (any size or frequency).

A LA CARTE CONTAINER(S) - ANY MATERIAL, ANY CONTAINER, ANY SIZE, ANY FREQUENCY

***PLEASE NOTE: Bins and carts cannot be combined in a single bundle. A customer can have multiple separate bundles (bin bundles and cart bundles) on one account.**
