Your **Recyclables**, **Organics** & **Garbage** Service Provider

JULY - SEPTEMBER 2021

Thank You for Helping us Provide Safe, Clean, and Efficient Service

- Be sure your carts are at the curb, facing the street, by 6:00 am on your collection day. Log into your account or contact us to find out when we service your area.
- Leave the carts at the curb until we've emptied them.
Our trucks may arrive at different times each week.
- Overflow garbage will only be collected if you have affixed a pre-paid tag to your trash bag. Call ACI to purchase tags or to arrange for additional service.
- Carts need to be placed with space between them so that the automated truck arm can service them properly.
If possible, try to leave 3 feet between each cart.
- Do not place carts close to parked cars, fire hydrants, low-hanging branches, parking meters, utility poles and other obstacles.
- Do not overload your carts. The lids should close completely.
- Do not wedge or compact materials into your carts. Doing so will prevent your cart from being fully emptied when serviced.
