

Proudly Serving the Alameda Community and Aiming for Zero Waste!

## Help Us Provide Safe & Efficient Service

Take these easy steps to keep your collection costs down & collection safe & efficient.

- Properly sort your materials. Scan the QR code on your container for a full translatable list of what goes where.
- Make sure your container lids close to prevent overflow and litter.
- Bag loose trash and place in the gray garbage containers. (Remember that items such as masks, gloves, wipes, tissues, and anything with bodily fluids on it should be bagged and placed in the garbage.)
- Do not place items outside of your containers. Remember, all multi-family residential customers receive one (1) on call clean-up day per household/unit per year at no additional charge. ## Thank You For Helping to Protect our Sorting Staff

Our Materials Recovery Facility (or MRF) sorting staff thanks you for keeping them safe by making sure needles, sharps, masks, gloves, wipes, tissues, garbage, organics, and anything with bodily fluids on it stays out of the recycling.

# City and State Regulations Require Recycling and Composting\*

Do your part to reduce the amount of material going to the landfill and greenhouse gas emissions. All occupied properties in Alameda must subscribe to adequate levels of service for recyclables, organics, and garbage.

Know **WHERE** to throw. **GARBAGE** and **FOOD SCRAPS DO NOT** belong in the blue **RECYCLABLES** collection containers. For posters, guides, and more, please visit [www.alamedacountyindustries.com/alameda/multifamily](http://www.alamedacountyindustries.com/alameda/multifamily)

Maintain a clean stream. Empty, wipe, and/or rinse recyclable plastic, metal, and glass food containers. Make sure recyclable paper is clean and dry before placing in the **RECYCLABLES** container.

Do you need to start or improve your recycling and organics program? We can help! ACI Sustainability Specialists are available for a phone call or visit to your complex to:

- conduct waste assessments and make service suggestions
- help train and give presentations to employees and tenants
- provide materials to assist your tenants with proper sorting and waste reduction

GREEN = ORGANICS

## SERVICE REMINDER Keep an Eye on the Size

Corrugated cardboard and paper boxes should be flattened and large pieces cut to 3' x 2' or smaller. Doing so:

- allows for more room in the container
- prevents overflow and litter
- assures the pieces will fit in the hoppers of the collection vehicles

## Holiday Service Schedule

Collection days will NOT change during the week of Memorial Day or July 4.
