

Mandatory Organics Recycling

Did You Know? Businesses in Alameda County must separate all plant debris from garbage and recycling*:

- Properties must place plant debris in a designated organics collection container. Learn more at: www.stopwaste.org/Rules.
- Need Organics collection service? Contact ACI to start Organics collection services today!
- Business owners or managers can arrange for the removal of plant debris by their landscaper. See other side for more info. *PLEASE NOTE: The landscaper must haul the material to an approved facility and deposit plant debris in the facility's designated "clean green" area.*

*ACWMA Ordinance 2008-01

Does a landscaping company off-haul your yard trimmings?

CalRecycle now requires businesses to provide written documentation from the landscaper that the material is being hauled to a facility that composts it in order to receive compliance with the law.

- For more information about compliance visit:
www.calrecycle.ca.gov/Recycle/Commercial/Organics/FAQ/#Compliance (Section B-Business; question 48).
- For a downloadable form you can fill out and return to ACI, visit:
www.alamedacountyindustries.com/sanleandro/commercial/forms.
