

## Collection Day Reminders

*Follow these tips to help us provide safe & efficient service.*

- Place carts out for collection by 6 am and remove them before midnight. After servicing, put your collection carts away and out of public view.
- Cart wheels need to face your home.
- Leave three feet (or as much space as possible) between each cart and avoid placing carts near obstacles.
- Make sure cart lids are fully closed. Place materials loosely in carts so they will empty properly. Overloaded carts can cause litter, attract critters, and result in non-collection.
- Report damaged carts to ACI so that we can schedule a repair or replacement on your next service day.

### Contact ACI for these items

Extra yard trimmings bags\* can be placed next to your organics cart on collection day.

Overflow garbage will be collected when **pre-paid tags\*** are affixed to the trash bag(s).

\*Only ACI bags and tags are accepted; contact us to purchase.

## Use Your Kitchen Pail to Fight Climate Change

*California State Law SB 1383 helps to keep compostable materials out of landfills.*

Use your handy kitchen pail to store food scraps and food-soiled paper until you empty it into your **organics** cart. Need a pail? Contact us; we will deliver one.
